FLEXDEV Group is acting at each step of value creation in the field of textile personalisation / decoration thanks to the different businesses integrated to the group : heat transfers for textile (Chemica), screenprinting heat transfers (Stilscreen / Sporting ID), heat transfer presses (Sefa) personalisation services (Elms Marketing) and online craft distribution (Transfer ID).

Le Groupe FLEXDEV intervient à chaque étape de la création de valeur dans le domaine de la personnalisation et de la décoration de textiles grâce aux différentes entités qui le composent : transferts à chaud (Chemica) transferts sérigraphiques (Stilscreen / Sporting ID), presses à transfert (Sefa), services de personnalisation (Elms Marketing) et site de vente en ligne destiné aux loisirs créatifs (Transfer ID).

Sefa

HEAT TRANSFER TECHNOLOGIES

Sefa has been for more than 40 years, French designer and manufacturer of heat transfer presses for the textile industry and the sublimation market on solid materials, with an international experience and a recognized quality of products.

Sefa est depuis plus de 40 ans, concepteur et fabricant français de presses de transfert à chaud pour l'industrie textile et le marché de la sublimation sur matériaux solides, fort d'une expérience internationale et d'une qualité de produits reconnue.

WHO WE ARE

SEFA offers standard or personalized solutions to transfers on T-shirts, sporting goods, caps, luggage, cups, mousepads and other items of visual and photographic communication. Our wide range of presses extends from the single-tray manual press for an activity launch, to the large format sublimation press for Chromaluxe applications, to the dual plate pneumatic press for higher production rates. More recently, we have come to add to our presses drying solutions for direct printing applications.

Sefa vous propose des solutions standard ou personnalisées aux transferts sur T-shirts, articles de sport, casquettes, bagagerie, et autres articles de communication visuelle et photographiques. Notre large gamme de presses s'étend de la presse manuelle simple plateau pour un lancement d'activité, à la presse de sublimation grand format pour applications Chromaluxe, en passant par la presse pneumatique double poste pour des cadences de production plus élevées. Plus récemment, sont venues se rajouter à nos presses des solutions de séchage pour les applications d'impression directe.

MADE IN FRANCE
High quality manufacturing in Esperaza, France.

MADE IN FRANCE
Fabrication haute qualité de nos produits à Esperaza, France.

HERE TO HELP
Assistance and support from our multilingual customer service.

GENERAL INSTRUCTIONS FOR USE

Due to the variety of substrates, their treatments and the conditions of application, which are beyond our control, trials must be made before each use.

INSTRUCTIONS GÉNÉRALES D'UTILISATION

Du fait de la grande variété des supports et de leurs traitements, ainsi que des conditions d'application en dehors de notre contrôle, des essais sont à faire avant toute application.

INSTRUCCIONES GENERALES DE USO

Debido a la gran variedad de soportes, tratamientos y condiciones de aplicación que están fuera de nuestro control, siempre aconsejamos hacer pruebas antes de cualquiera producción en serie.

ALLEGEMEINE ANWEISUNGEN ZUM GEBRAUCH

Aufgrund der großen Anzahl von Substraten und ihrer Verarbeitung sowie der Bedingungen während der Anwendung, die außerhalb unserer Kontrolle liegen, sollten vor jeder Verwendung Tests durchgeführt werden.
